# Welcome...

You are never too old to play the piano!

Come and start your musical life with this fun introductory course that will have you playing tunes on the piano after your first class!

The Adult Piano Course is designed for absolute beginners or those who played piano many moons ago. The course focuses on patterns and easy ways of making music. This means you will be playing sooner than you think!

The Adult Piano Course is held at Bernies Music Land in a private room to cater for small groups of four to six students. During the tutorial you will be sitting at a quality instrument and experiencing hands-on learning. Our teachers are friendly and patient, and the lesson plan has been especially designed. Each lesson includes a "discover the piano" component so you can explore how pianos work, how they differ and why they are so special.

The lesson is one hour each week, and guidelines for your home practice will be outlined. You don't need to have an instrument at home to enrol in this course, we offer special rental packages so you can try it out before you commit. And, of course, all silly questions are most welcome!

Playing the piano is a wonderfully rewarding experience. It is a great hobby that you can enjoy on your own, with groups, and even in your pyjamas! Learning piano is not difficult, with just a few short practice sessions each week. So, why not start today?
